-

WHY A TRANSPARENCY REGISTER?

By voluntarily disclosing our meetings with MPs and Senators every quarter, we aim to:

- build trust, showing publicly, who we engage with
- model best practice, encouraging other advocacy groups, industry bodies, and lobbyists to also disclose who they meet
- shine a light – giving our stakeholders clarity on who is shaping debates on political finance, corporate transparency, and integrity reforms.

We call for stronger rules on lobbying transparency in Australia. But until the system is improved, we are committed to going further ourselves, publishing our register every quarter so there is no doubt about our role, our purpose, and our values.
